A Note from Sofia

1982. Dynasty was on TV, E.T. was in the movie theater, and a gallon of gas was

91 cents. But something even more lasting and important happened forty years ago.

The House of Hope congregation started The House of Hope Choir School.

"Often a single experience will open the young soul to music for a whole lifetime."

-Zoltan Kodaly, ethnomusicologist and music educator

Over its first 40 years, under the guidance of 8 directors, with Orff and voice instructors, parent and pastoral volunteers, The Choir School's mission has been to give all children a positive singing and musical experience.

Through its commitment to the fine arts

and education, the members of HOH have made it possible for all children in the Twin Cities to have the opportunity to sing and learn together in this unique music program.

Everyone has musical potential as well as the ability to learn! Children enjoy challenges and delight in mastering new skills which lead to new goals, new accomplishments, and new confidence. The Choir School creates a welcoming space for all children to explore their individual voices while working to create beauty together. Choristers sing our Christian faith, build friendships that can last a lifetime, and actively participate in the HOH community. Choristers grow to understand the difference between singing for worship and singing for performance, both excellent, but singular experiences. And choristers learn the depths of singing, first by rote, then adding additional layers of understanding through note reading, sight-singing; seeing and hearing the patterns that make music so powerful.

Singing in foreign languages allows the singer to experience other cultures and traditions and singing music throughout history allows our choristers to travel through time.

Band and orchestra are terrific experiences for young musicians, but singing is something distinct. The human voice is an incredible instrument. We don't have to buy or rent it, we ARE it! We are the instrument, each with a sound that is entirely unique. I hope that next time you're in church, you will raise your voice to God's glory while singing a hymn, turn your attention to the sounds of the anthem, and whether it's a child, grandchild, neighbor, or friend, encourage them to try The House of Hope Choir School this fall. All voices are welcome here!

Throughout this 40th anniversary season, the Choir School will be singing favorite anthems in worship and inviting our alumni from 1982-2022 to join us in song and celebration!

Sofia

For Equilibrium, a Blessing:

Like the joy of the sea coming home to shore,
May the relief of laughter rinse through your soul.

As the wind loves to call things to dance,
May your gravity be lightened by grace.

Like the dignity of moonlight restoring the earth,
May your thoughts incline with reverence and respect.

As water takes whatever shape it is in,
So free may you be about who you become.

As silence smiles on the other side of what's said,
May your sense of irony bring perspective.

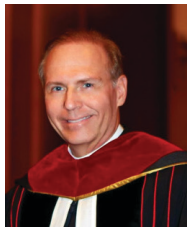

As time remains free of all that it frames,
May your mind stay clear of all its names.

May your prayer of listening deepen enough
to hear in the depths the laughter of god.

—John O'Donohue

Earth Care

Bike or Walk to Church

Nearly half of our state's air pollution comes from vehicles. One of the greatest contributions you can make to help improve air quality is to use an alternative to driving a car, especially as a sole occupant, whenever possible.

Forty percent of travel in urban areas consists of trips of two miles or less—a distance most of us could easily walk or bike. Do you live within that distance from the House of Hope? With the lovely days of summer and gas prices at an all-time high, now is a perfect time to walk or bike to church. You'll help the environment; benefit your health; savor the sights, scents, and sounds of nature—and save money.
